

FINELITE[®]
Better Lighting

{ YOU DREAM. WE DELIVER. }

VOLUME 2

Project: Howard Community College - SET Building
Architect: Ayers Saint Gross
Lighting Concept: Ayers Saint Gross
Product: HP-4 Direct

Finelite, Inc. Better Lighting

Since 1991

Finelite has delivered award-winning innovations in lighting technology, design, manufacturing, and customer service for over twenty-five years. Finelite's mission is to develop tailored lighting solutions for offices, education, healthcare facilities, multi-level residential, and retail market segments. At our Northern California manufacturing facilities, we work continuously to eliminate waste through smart product design, lean manufacturing, and corporate best practices.

You Dream. We Deliver.
Our goal is to enable the designer to achieve their vision affordably, efficiently, and on schedule.

Finelite LED Difference

10-year performance-based warranty

90% of initial light output at 100,000+ hours

Dimming standard

Replaceable LED light arrays

Tailored Lighting™

LED technology has changed the way we light spaces. It is unconstrained, innovative and inventive. It provides new design flexibility and freedom that is inspiring, affordable, and energy efficient. Let Finelite show you better lighting, Tailored Lighting – designed as part of the architecture, optimized for performance, and tuned to fit user preference.

Tailored Lighting is beautiful lighting that saves energy and increases visual comfort for every occupant.

Finelite Commitment to You

10-working-day shipping on standard orders

Focus on sustainability

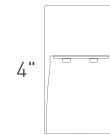

Buy American Act of 2009 compliant
